A New Vision of Health Care and Rehabilitation

When the need arises, we offer a range of health-care services, including short-term rehabilitation therapy, traditional nursing care and restorative nursing. All in a friendly, appealing community that is both welcoming and nurturing.

The care experience we offer at Diakon Senior Living – Hagerstown is anything but institutional. Instead, residents feel as if they are part of a small, homelike community where everyone knows one another. We offer private and semi-private suites that are fully furnished and tastefully decorated. Our accommodations include wheelchair-accessible bathrooms, convenient handrails, individual heating and air conditioning, 24-hour emergency call systems and cable television.

This is the Way to Live!

Personalized Care

At our health care center, our individualized approach to care promotes choice, purpose and meaning in daily life. We recognize the importance of keeping each individual at the center of the care-planning and decision-making process. We place a premium on active listening and observing, so we can adapt to each resident's changing needs.

24-Hour Support

No matter what time of day or night, we offer personalized care around the clock. With 24-hour access to on-site nursing and comprehensive health-care services delivered by a dedicated team of professionals, we strive to provide the best possible outcomes for our residents. Because we understand that care needs may arise unexpectedly, we also offer admissions 24 hours a day, seven days a week. Our goal is to make the transition to short-term rehabilitation or traditional nursing care as easy as possible for new patients and their families.

Short-Term Rehabilitation

Whether the need is medically complex care or orthopedic rehabilitation following an injury or surgery, we are committed to helping patients revitalize their lives and return to the activities they most enjoy as quickly as possible.

Our skilled team of physical, occupational and speech therapists strives to optimize the care experience through comprehensive, individualized care plans. Using a team approach that includes skilled nursing, medical, rehabilitation and dietary services, we focus on helping our patients achieve their goals and maximize their independence.

Our rehabilitation team treats a variety of conditions such as arthritis, pain control, post-hospitalizations, post-surgeries, strokes, fractures, post-illness, neurological disorders, fall history, gait dysfunction, balance deficits, cardiac events and memory-related diseases.

Our Rehabilitation Program At A Glance

• Inpatient and outpatient services
• Physical, occupational and speech therapies
• Home safety assessments
• State-of-the-art treatment approaches
• Wellness opportunities, such as lectures and screenings
• A student internship site for several colleges and universities
• Discharge planning
• Pastoral support
