

*Our partner in ministry to the world....*

Since 1897, The Lutheran Home at Topton has provided care and compassion to people in need. Part of Diakon Lutheran Social Ministries, The Lutheran Home offers active-lifestyle retirement accommodations for older adults, including a nationally accredited Continuing Care Retirement Community and other housing accommodations. In addition, the campus offers assisted living services, skilled nursing and rehabilitative

care, and multiple levels of care for people with Alzheimer's disease and similar illnesses. Other local Diakon programs include adoption, foster care, pregnancy services, and Family Life Services, offering such congregationally focused programs as pastoral care teams, counseling, and marriage preparation/enrichment. Additional Diakon services include Hospice Saint John and Tressler-Care programs for adjudicated delinquent and dependent youths—all ways in which Diakon carries out its mission statement: "to demonstrate God's command to love the neighbor through acts of service."

Each year, Diakon Lutheran Social Ministries provides millions of dollars in uncompensated care and service for people of all ages. You can help to assure these ministries. For information on how you can support services such as those offered by The Lutheran Home at Topton, please call 1-877-DIAKON-7, ext. 1219.
