

DIAKON

Many Hands. One Heart.

Established in 1979, **Diakon Hospice Saint John** is one of the oldest and most experienced hospices in the state of Pennsylvania. Specializing in palliative care, Diakon Hospice Saint John provides services to people of any age who have an illness that is no longer responding to aggressive, curative treatment. The program's goal is to enable patients to remain at home

and be as comfortable as possible during the last stage of life. Diakon Hospice Saint John maintains offices in Hazleton, Honesdale, Allentown, and Reading and is a certified Medicare hospice provider.

Part of Diakon Lutheran Social Ministries, Diakon Hospice Saint John not only provides care and comfort to patients and their families, but also offers counseling, chaplaincy services, and support groups on bereavement—as well as a variety of educational resources for the community on end-of-life issues.

As part of its mission, Diakon Hospice Saint John, when possible, makes financial assistance or subsidized care available to patients who do not have, or who have exhausted, insurance or other resources. After patients have been admitted to our program, they will not be discharged for lack of financial resources. Donors throughout the community help to make such care possible.

If you are interested in learning more about Diakon Hospice Saint John, please visit us at www.diakon.org/hospice or call us at 1-877-DIAKON-7, option 5.

Each year, Diakon Lutheran Social Ministries provides millions of dollars in uncompensated care to people of all ages. You can help to assure these ministries. For information on how you can support services such as Diakon Hospice Saint John, please call 1-877-DIAKON-7, option 2, ext. 21219.

On your behalf, Diakon Lutheran Social Ministries annually touches the lives of more than 70,000 people in Pennsylvania, Maryland, and Delaware.

Diakon offers services and housing without regard to race, color, religion, disability, marital status, ancestry, national origin, sexual orientation or gender.
