

DIAKON

REACHES OUT TO AMY

With many hands and one heart

When Amy faced a serious illness, she needed more than medical help. She needed to share her fears with someone she could trust. Facing her challenges was overwhelming, until she found a comforting counselor with Diakon Family Life Services. But Amy's counselor did much more than listen. He provided new hope and a chance for survival. Amy's just one of **MANY** inspiring stories. Because thanks to Diakon Family Life Services, thousands of people receive the counseling and **HANDS**-on support they need to find peace and hope in the midst of despair. Having someone there to listen may seem like **ONE** little thing. But for Diakon, reaching out to some 70,000 people every year in Pennsylvania, Maryland and Delaware isn't something we take lightly. It's something we all take to **HEART**.
